FUJITSU

shaping tomorrow with you

The mobile workstation warrior

The CELSIUS H760 Workstation

Create without boundaries.
No-compromise performance for engineers,
architects or designers on the go.

If you are a designer, engineer or architect looking for the ultimate workstation power on-the-go, then the FUJITSU **CELSIUS H760** workstation is the right choice. Intel's powerful Xeon® processor and a USB Type-C™ connector for faster data speed are packed in a sleek and stylish laptop with a brilliant 39.6cm (15.6in) UHD/4K display. Maximum data security is guaranteed by Fujitsu's patented PalmSecure™ technology with palm vein sensor. Moreover, the port replicator is compatible with seven LIFEBOOK mobile devices and thus ideal for a shared desk environment.

The CELSIUS H760 is the right choice for customers looking for:

Easy integration – Windows 10 operating system

Maximum Security – with integrated SmartCard reader, PalmSecure™ and TPM 2.0 module

Full connectivity – USB Type-C™, VGA and full size DisplayPort

Broad compatibility – one port replicator shared across 8 mobile devices

Key features

- Windows 10 Pro
- Anti-glare display – 15.6in (39.6cm) Full HD or UHD/4k
- Up to Intel® Xeon® processor E3-1500 v5 family
- Up to 64 GB DDR4 2133 MHz memory (ECC optional)
- NVIDIA® Quadro® graphics cards up to M2000M (640 CUDA cores)

Did you know...?

- Our products have to pass more than ten different tests before we release them to the market – including vibration, shock and drop, open and shut, and noise emission tests.
- PalmSecure is the most accurate biometric check yet. There's only one false acceptance for every 10,000 scans. It's already used by 200 million users worldwide.
- We operate Europe's most advanced integrated IT production site in Germany.
- Through our Made4You program, we have several ways to customize devices – including different colours, logo-lasering and custom software loading.
- Windows 10 is Microsoft's most secure Windows yet. Its built-in security features safeguard against viruses, phishing, and malware. And automatic updates ensure you always have the latest protection.

 Windows 10

Accessories and warranty

Port replicator for CELSIUS H760

Prestige Case 16

SpaceMouse™ Pro

Including 3 year warranty.
Optional 5 year warranty pack.

PalmSecure: a powerful biometric technology

Unlike passwords or ID cards, biometrics are extremely hard to steal or copy. And they are impossible to forget. PalmSecure uses the unique palm-vein pattern hidden in your hand to recognize you. You simply place your palm over the sensor to unlock your device, then get on with your work. It's quick, secure and accurate.

Windows 10

Today's and future security challenges and threats require a combination of measures on one platform. Our devices feature biometric sensors and work well with Windows 10 – Microsoft's most secure Windows yet. Its built-in security features safeguard against viruses, phishing, and malware through Device Guard, Enterprise Data Protection, and Trusted Boot.

Exceptional performance. Exceptionally secure.
